

RISE GUIDE TO THE GREEN DEAL AND SDGs

The European Green Deal puts the UN Sustainable Development Goals (SDGs) at the heart of EU policy-making. RISE has mapped how the main EU Green Deal initiatives match the SDGs, helping organisations align their strategies and advance on both.

SDG

EU Green Deal Initiative

The EU Green Deal acknowledges as a whole that the transition needs to be fair and just, and proposes a Just Transition Mechanism to focus on those regions which will be the most affected

Farm to Fork Strategy

Strategy for Sustainable and Smart Mobility

Updating the Skills Agenda and Youth Guarantee to enhance employability in the Green Economy

While this does not feature in the EU Green Deal, the Commission will be publishing a separate Strategy on Gender Equality

Zero Pollution Action plan for water, air and soil

Strategy for Smart Sector Integration
Strategy on Offshore Wind

SDG

EU Green Deal Initiative

Renewed Sustainable Finance Strategy
SDG integration to the European Semester

EU Industrial Strategy
Reviewing the Alternative Fuels Infrastructure Directive

Working with all partners to increase climate and environmental resilience so as to prevent these challenges from becoming sources of conflict and forced migration, amongst others

Initiatives increasing & better managing the capacity of rail-ways and inland waterways

Circular Economy Action Plan, including a Sustainable Products initiative
Chemicals Strategy for Sustainability
Reviewing the Non-Financial Reporting Directive

European 'Climate Law' enshrining the 2050 Climate Neutrality objective
EU Strategy on Adaptation to Climate Change
Carbon border adjustment mechanism

A sustainable Blue Economy

EU Biodiversity Strategy 2030

Potentially reviewing the Aarhus Regulation so as to improve access to administrative and judicial review at EU level

Strengthened EU Green Deal Diplomacy
